Dear Parents,

This ANZAC day I am feeling my age; feeling what older people feel in the cycle of life; the past is a place where things were different. In 2015 the media certainly gave us many stories about individuals who were caught up in the 1915 Dardanelle’s campaign. Perhaps it was assumed by the makers of the many documentaries that have been on our screens and in print since the new year, that everyone knows that the campaign was a tragedy and a military disaster. The difference between how Gallipoli is presented now and when I was a child is that we were all a lot more angry about it then. I grew up in a household where my dad (a returned man from New Guinea) would rail against the British and the waste of colonial lives at Gallipoli. In Social Studies class in primary school we learnt about the ingenious ways the Australians tricked the Turks into believing that all was warfare as normal while the area was evacuated. We grew up proud of the clever men who could find a way through a disaster and save as many lives as possible. I think we were taught about Simpson and his donkey and his brave kindness. With so many more World War Two veterans alive and active and those who fought in the wars since, somehow the reality of war could not be airbrushed by sentimentality which I fear it is now. How can our minds possibly take on the sadness of the loss of life and the tragedy of the individuals who went on to live without loved ones? When we say “Lest We Forget” is it to our own hearts that we speak these words which should cut deep?
The psalmist invites each one of us to "Turn from evil and do good, seek peace and pursue it". These inspirational words can sometimes be hard to live authentically but our Faith assures us that if each person could do this we would have the peace and justice we long for. There are four verbs in those lines and the actions implied can be very difficult when evident in the details of individual lives. Our celebration of the Eucharist is like ANZAC day every time, as we confront the truth of what human beings can do to each other. Our salvation is believing that God, who raised Jesus from the dead, can raise us as well from our deathly attitudes and actions to be the Body of Christ.

On the macro level I was highly interested in Hans Lukas Kieser’s piece in The Conversation, Join the dots between Gallipoli and the Armenian Genocide. In this article, Kieser reminds us that not only is 1915 the centenary of the Gallipoli landing but also the centenary of the Armenian genocide. Recently Pope Francis canonised the (approx) 1.5 Million Armenian Christians who were murdered as the Young Turk Committee of Union and Progress, who were at the reins of the Ottoman Empire, were attempting to seize power in Asia Minor. For the Young Turk Committee the invasion of the Dardanelles with its hope of capturing Istanbul was an enormous threat to their national and religious ambitions. In the post war era Gallipoli was exalted as a victory of Anatolia against an imperialist invasion. The first of the arrests and murder of Armenian leaders happened on the night of 24th April 1915. I am sure that even junior secondary history students know that our attitudes to historical events are constructs that come from our own worldview. What is not a construct is obedience to the commandments and to what the Gospel tells us to do. Killing and hurting human beings will have tragic consequences for generation after generation. Everyone knows this; we keep forgetting when other priorities come along.

---

*Turn from evil and do good, seek peace and pursue it*

*May Brigid Bless the House Wherein you dwell*

Ms Kate Edmondson
Principal
FROM THE ASSISTANT PRINCIPAL

ASTHMA
If your daughter suffers from asthma, please ensure she brings her Ventolin to school and carries it on her at all times.

World Youth Day (WYD) 2016 Information Night
The launch of WYD 2016 was held at the College last week. All students in Years 9 & 10 interested in being involved in a pilgrimage to Krakow, Poland in July 2016 should attend an information evening with their parents to be held at Marcellin College Randwick on the 12th of May at 6:30pm. If you have any questions reading WYD please do not hesitate to contact the College.

Absences and providing notes for being late to school – Policy Change
The government has recently changed the guidelines around attendance at school. If your daughter is absent from school due to illness or late to school because she has been at a medical appointment, you must provide a medical certificate to justify this full or partial absence. Notes that are vague and state that a student has been at an appointment, family issues or transport must now be regarded as unjustified full or partial absences.

Paracetamol (Panadol)
The office does not hand out paracetamol to the girls. If your daughter requires paracetamol throughout the day please ensure she has this in her bag.

Uniform Policy
Just a reminder that the girls must wear their blazer to and from school every day unless they have sport that day.

Girls are not to wear hoodies, or jumpers that are not part of the uniform. Likewise, multiple earrings, nose rings, nail polish and makeup are not to be worn. Girls will receive an afternoon detention and will be required to either remove the earring, the nail polish and/or makeup at school.

In wet weather, girls are allowed to wear a plain navy or green spray jacket. This jacket must be completely free of advertising/logos etc...

We appreciate your support as parents in this matter and ask that you ensure your daughter is in the correct uniform before she leaves home.

Athletics Carnival
The Carnival will be held on the 15th May at E.S Marks Field, Kensington. Parents are welcome to attend. If you are picking your daughter up from the venue, please ensure you are no later than 1:30pm to pick her up.

Central Australia Immersion
The second payment instalment for all girls attending the Immersion is due by May 8th 2015.
Staff Professional Development Day – Term 2
The Term 2 staff professional development day will be held on Friday 5th June 2015.

UNIFORM NEED ALTERING?
Too long, too tight, elastic not right? I have over 50 Years experience in sewing and doing alterations and now I do them for my Grandson’s uniforms! If you need prompt, affordable help with making those uniforms fit just right, please call me. I can also come to the uniform shop if you need help with fitting. Tina 9399 8009 or 0410 540 084
Above are some important dates for both Youth ministry projects and World Youth Day 2016 in Krakow. I will keep the community informed of all youth ministry events and projects throughout the year.

**Blessed are the merciful, for they shall obtain mercy**

Join the Holy Father and other Disciples of Christ on the pilgrimage to Poland for World Youth Day 2016.

World Youth Day is a celebration of Christ for the youth of the world and next year, on its 27th anniversary, it is returning to Krakow, Poland.

Current Year 9 and 10 students of Brigidine are invited to attend this once-in-a-lifetime experience next year from the 25th July to the 31st of July. Students are offered the opportunity to visit Poland via the Holy Land, via Italy, or Poland direct (via Prague), in which case the pilgrimage may extend to 3 weeks. The girls were introduced to WYD at the launch on 22nd of May, where Year 10 girls presented this year’s theme; blessed are the merciful, for they shall obtain mercy.

World Youth Day is a worldwide encounter with the Gospel and with Pope Francis. The most recent WYD was held in Rio de Janeiro in 2013, where over 3 million people attended to celebrate Christ together. It is open to all young people who want to take part in a festive encounter with their contemporaries centred on Jesus Christ. This event is an opportunity to experience, hands-on, the universality of the Church; to share with the whole world the hope of many young people who want to commit themselves to Christ. World Youth Day is a unique way to deepen your faith and grow closer to Christ, by means of prayer and the sacraments, together with thousands of other young people who share your interests and ambitions. The pilgrimage is fun-filled with music and dancing as well as spiritual reflection through prayer.

Brigidine hopes to send at least seven girls accompanied by one teacher so that we have the possibility to travel as an individual Brigidine group. If less than seven girls are able to attend, they will be sent with neighbouring schools such as OLSH Kensington and St. Clare’s Waverley.

For those interested, see Mrs Ross for an information booklet, and attend the information meeting at Marcellin College at 6.30pm on the 12th of May. This meeting is simply information-based and is not a commitment to the pilgrimage. Also consider visiting the website at [http://worldyouthday.com/](http://worldyouthday.com/).
We often overlook the power of God; however this pilgrimage allows an opening in the spirits of the youth of the world.

Mrs Robyn Ross
Youth Ministry Coordinator

MOCK TRIAL NEWS

On Monday 4th May the Mock Trial team will be competing in round 2 of the competition at St Catherine’s Waverley at 4.30 pm and should conclude by 6.30-7.00pm. Students, family and friends wishing to attend to support the girls are most welcome.

Ms M Foote
HSIE Commercial
SPORT NEWS

ATHLETICS CARNIVAL

The Annual Athletics Carnival will be held on Friday 15th May at E.S. MARKS FIELDS Kensington
ENTER via BARONIA AVE

Students in Year 7 will make their own way to E S Marks and home. Year 7 must arrive at E S Marks for 8.30am Roll Call. It is estimated that the carnival will finish between 2.00 and 2.30pm with all supervision finishing at 2.30pm.

Students in Years 8 to 12 must make their own way to the ES Marks and home. Roll Call will be at the field at 8.30am. The carnival will commence at 9.00am and finish at approximately 2.00pm.

All student supervision will conclude at 2.30pm. Therefore, could all parents/carers please ensure that your daughter has made adequate arrangements for her return home at the conclusion of the carnival.

Please note that the Athletics Carnival is a compulsory College event. If your daughter is absent on the day of the carnival due to illness, please contact the school and inform them of her absence either by leaving your message on voicemail or contacting the office at 8.00am. On her return to school she must present a doctor’s certificate to her roll call teacher.

The carnival will be held regardless of weather.

All students must come prepared with hats, sunscreen and drink bottles. If it is wet weather you are advised to bring appropriate clothing. However if the grounds are closed and we have to cancel the Carnival emails will be sent to all families so please make sure the school has your up to date email address.

Canteen facilities will be available from 10.30am.

Dress for the Carnival

Students may dress up in their House Colours for the carnival but they must make sure they are in appropriate clothing to travel in. NO PAINT IS TO BE USED AT ANY TIME AS DRESS UP. If you do not wish to dress up you are to wear correct PE uniform.

All students must be aware of sun safety and wear appropriate clothing to prevent sunburn as well as using sunscreen and wearing a hat. Stay hydrated and drink plenty of water.

Parents and family members are all welcome to attend on the day but a reminder that all students are expected to sit in the stands with their house.

We hope to see lots of participation from all girls and great team spirit. Good luck to all teams and all competitors.
Australian Surf Lifesaving Championships
Congratulations to Emma Thomson in Year 11 who recently competed in the Australian Surf Lifesaving Championships at Kirra Beach.
Emma competed in the U17 Female Board Relay events with two other girls from North Bondi Surf club and won an Australian Gold medal. This contribution by Emma helped the North Bondi Surf Club achieve the crown of U17 Australian Surf Club Champions.
A fantastic achievement Emma, at the pinnacle of your sport.

Touch Shirts
All students should have returned their touch singlet’s to their captain by now. Any student who has not returned their singlet will have $40.00 charged to their account.

Mrs Kate Elder
PD/H/PE Department
STUDENT LAPTOP COMPUTERS – BACKING UP IMPORTANT FILES AND
GENERAL CARE

Backing Up to USB Drive – some points

- It is important that students use the USB back up drive they have to save their
  important files for their subject notes and assessments on a regular basis.
- If their laptop has a malfunction close to an assessment being due, it cannot be
  used as an excuse for late submission of that assessment.
- If a sequence of backups has been done regularly onto a student’s USB drive, the
  desktop machines in the College Library can easily be used to complete an
  assignment saved on the USB drive and to facilitate printing the assignment.
- It is wise to print copies of assignments at various stages, and keep notes made in
  compiling an assignment anyway - as proof that work has been done progressively
  on the task and as an insurance against technology failure.

A formal Windows Back Up can be done with the USB drive as the destination. In most
cases, however, copying and pasting a folder containing important files from the laptop
to the USB Drive is a more simple process and it is easier to reclaim a lost or damaged file
this way for most students.

Students can consult their Technology Teachers in class if they need guidance on how to
back up their important files to their drive, or see Mr Lin in the College Library most
morning recesses or lunchtimes. A logical set of labelled folders is essential for laptop
files and USB backups, so that any file that needs to be restored can easily be located.

Google Drive:

– Web “Cloud” Storage using

- The Catholic Schools’ Cloudshare system allows all students to have unlimited
  storage on their own “Google Drive.”
- This is “cloud based” storage via the Web that is a further insurance for important
  files, in case laptop and/or USB drive are lost, damaged or stolen. Students are
  very much encouraged to use this (and the Year 7 Boot Camp covered
  this means of storage).
Students can upload their files to their Google Drive subject folders as another means of safeguarding them in case of laptop failure.

The files also become accessible to the student anywhere they have Web access using their CEnet login.

The Teacher Dashboard (TD) system used by the College also allows teachers to direct copy worksheets etc. for their whole class to the formal TD class subject folders in each student’s Google Drive (so each student has a copy).

General Laptop Care – Some Points

- Parents are asked to encourage their daughters to remember the following points and to comply:
- The hard shell case must be used around the College and also between home and school – it is a condition of the leasing agreement.
- Laptops should not be left on classroom floors/tops of lockers or out in the yard at school – students should place the laptop in their locker and carefully lock it - for recess and lunch.
- Laptops should be used in sensible locations; indoors preferably. Use in the school yard or outdoors at home can result in water damage (from rain or spilled drinks) or screen/chassis damage from mishaps like dropping or stepping on machines in the often crowded spaces – with all the physical activities associated with a busy school yard going on around any would-be laptop user(s).
- Any damage/operating problem and repairs needed should be logged via our job-log system in the school library. (This is also an important condition of the leasing agreement – so the extended warranty on HP machines is not made void).

Mr M Rawlings
IT Administration
Science News April 2015.

Please look carefully at the following opportunities available to your daughter.

1. The ConocoPhillips Science Experience – in NSW/ACT.

The Science Department would like to encourage students to attend any of the courses run by Science Experience teams at the 35 participating universities. The feedback from girls who have attended in the past has been overwhelmingly positive.

About the Program

The ConocoPhillips Science Experience is a fun 3 or 4 days of science activities for Year 9 and 10 students in 2015

Each program is designed to provide students who have an interest in science with an opportunity to engage in a wide range of fascinating science activities under the guidance of scientists who love their work.

The program takes place in over thirty-five universities and tertiary institutions, within many different laboratories and lecture theatres. Participants perform experiments in the laboratories, meet and hear senior lecturers in the lecture theatres, attend site visits and walk around and experience what it is like to be on the campus of a university or tertiary institution. More than 65,000 students have taken this rare opportunity, up to date.

The program also provides information about further studies in science, technology and engineering. It highlights the wide range of careers that allow students to pursue their interest and abilities in the sciences.

One aspect of the program often commented on by participants is the opportunity to meet and share ideas with students from different schools. Each program includes a BBQ or other social activity.

For links to programs go to Past and Future Programs
Use the following link to apply online. http://goo.gl/HaubeF

Girls can apply to interstate institutions as well.

Full cost is $120. Rotary can be approached for sponsorship.

The Science Olympiad Competition exams will take place on the following dates:
- Chemistry 5th August 2015
- Biology 10th August 2015
- Physics 12th August 2015.

There is a free online support program for students preparing for the exams. Registrations for the Olympiad exams close on July 22nd.

Interested girls should go the following link www.asi.edu.au to investigate the competition. If they wish to participate they should then discuss the process with their science teacher.

Successful applicants have a chance to represent their State and even their Country in the program.

Workshops For Robogals @ UNSW

Robogals is a great out of school program that focuses on teaching students, mainly girls, from year 7-12 about programming. In our trial, we learned a bit of Python. Python is a programming language that is mainly used for application and software. We had two mentors that helped us with our codes and taught us the rules for when coding with python. Our activities were challenging and enjoyable. Our first activity was to create our own multiple choice game using the codes we learned. The second activity was to create a scissors paper rock which was computer versus player. You don't have to worry about knowing anything about programming or even computers because Robogals has a beginner class for people with little to no experience in coding.

Francheska Vargas and Natalia Smorawinska Year 9
Robogals at UNSW runs a variety of workshops, which are able to be catered to a wide degree of skill and interest levels.

Their workshops are run free of charge and run on campus at The University of New South Wales, Kensington. They are also able to run with a mixture of full or half day workshops, dependent upon the material.

The workshops currently have on offer are:

- Lego Mindstorms NXT workshops
- Python Workshops

If you are interested and would like more information, please contact schools.unsw@robogals.org to join a workshop!

Online Expressions of Interest for students to attend the National Youth Science Forum in 2016 opened on 1 March. Rotary clubs continue to promote the program in their local areas to ensure the students who will benefit the most from attending the NYSF have the opportunity to consider applying. I encourage potential applicants not to leave this process until the last minute as there are several key steps involved, including talking with a Rotary club about endorsing applications. Expressions of Interest close on 31 May.

In previous years, Brigidine College has had students attend the International Youth Science Forums in Switzerland and South Africa. They reported back to us that the entire programme for them was a “game Changer”. They felt emboldened to forge a career in Science and to make a difference!

For how to apply and for more information go to http://goo.gl/eBSuR

Science Department - Making Waves: International Year of Light

Mrs Phyllis Tapp
Science Coordinator
MARCELLIN & BRIGIDINE LEADERS MEET AGAIN!

In response to our invitation for the Marcellin leaders to join our own leaders for an afternoon of activities and bonding here at Brigidine, we received an invitation from the boys to join them at their school for a similar afternoon on Wednesday 29th April 2015. The Marcellin leaders were welcoming and had managed to organise many activities which helped the bonding process between the leaders of the two schools. It was a fun afternoon and it was very interesting to be able to talk to the Marcellin leaders and to compare our differing strategies and activities that we had planned for our time as leaders.

Thank you to Ms Alley & Ms Taylor for attending the afternoon with us.

C J Recking
Year 12 Student
CAREERS NEWS

UTS Business School Undergraduate Information Evening
Thu 30th April, 5.30pm – 8.00pm, CB08 Dr Chau Chak Wing Building, Building 8, Haymarket, Sydney City
Learn about the business, accounting, economics, finance, management and marketing courses available at UTS and the career opportunities these courses provide.

The University of Notre Dame: Day in the Life of a Nursing Student
Wed 1st July, 10.30am, 160 Oxford St, Darlinghurst
Students attending the day will have the opportunity to meet academic staff, engage in clinical activities, experience a Nursing lecture and tour the campus.
Contact: 02 8204 4404 or sydney@nd.edu.au

University of Notre Dame: Career in Business and Law
Thu 2nd July, 9.00am – 12.00pm, 104 Broadway, Chippendale
Speak to law staff, discuss plans for a business career with staff from the school of business and experience a class like a University of Notre Dame student.
Contact: 02 8204 4404 or sydney@nd.edu.au

To give you a brief overview, the Mother’s Day Classic is a fun walk/run held on Mother’s Day, 10 May 2015, to celebrate family time, a healthy lifestyle and to help raise much needed money for breast cancer research. The Women in Super Mother's Day Classic is Australia’s largest breast cancer research fundraiser.

This event has been running for over 17 years and in 2014 more than 135,000 participated in a record 97 locations, including many rural and regional centres. If you are a runner, power walker or just enjoy a gentle stroll, ask your mum, wife, grandmother, aunt or sisters and their families along and celebrate Mother’s Day with us.

We are looking for support to build community team participation in 2015. It would be great to have your support in promoting this to create community teams of staff, students and their families. Below is a graphic that you can add to newsletters and some more information on the event can be found at www.mothersdayclassic.com.au

If you are interested please let me know. I thank you in advance for your support.

Kind regards,

Lauren Finn

Committee Member, Mother’s Day Classic Women in Super Organising Committee
