Dear Parents,

Refurbishments of Buildings
The architects are almost there in regard to presenting the design of the refurbishment of the Folly and Kilbride wings. The main Quad may also be reconfigured and resurfaced. A Traffic Consultant has been engaged to give input into our development application to the Council. A camera will be put up on the front gate so that the traffic coming along Aeolia Lane down to the back of the Ritz can be monitored. As we want to change the entrance to Brigidine, then knowing the volume of traffic is very important. If you know the big wall covered with vines that has the Brigidine shield on it at the entrance to the school........it will be knocked down and the space will become a pedestrian entry for the girls. The stairs on the side of Kilbride will be knocked down as will a 1950’s addition to a room we call Tullow. This will make the Kilbride courtyard much bigger and it will be dug out so that it meets level with what is now the canteen quad. There will be a new canteen and bathrooms and a whole new area for the girls to gather and sit that flows in from the Kilbride courtyard. The Library will be completely refurbished and a lift put in from the canteen area to the top of Tully.

It will be a challenge to be running the school while all this work is happening so it will have to be done in stages. I had had hopes that building could start at the end of this year, however we have not yet put the DA into Randwick Council.

Brigidine this last fortnight
This is a massive newsletter because the girls have been involved in so many sporting competitions and excursions.

Don’t forget your Musical tickets...and also Professor Ian Hickie at Marcellin on Thursday 16th June. That date clashes with one of the nights for Legally Blonde but there are also performances on Friday and Saturday nights.

May Brigid bless the house wherein you dwell.

Ms K Edmondson
Principal
POLICE Warning – Child Safety
The College has been notified of an App parents need to be aware. There is an app young children are using called “Talking Angela”, created by a company called “Outfit 7 Limited”. The app was designed for young children to dress up their cat “Angela”. Children can also take a video of themselves on this app and upload it for their "friends" to view. The app however is being used by Child Sex Offenders who can access their accounts and cameras and view the young kids using this site. The site has many bad reviews and the Police are advising schools to warn parents about this app. This app has been around for a while, but is still available for young children.

Another recent concern for older students, is that Child Sex Offenders are posing as Photographers on sites such as Facebook & Instagram and asking to photograph young girls and boys. Many of these offenders claim to be "casting agents", which entices the girls/boys into thinking they are going to be the next big model. Please be wary of what the girls are doing online and if they are chatting to people you may not know.

Pupil Free Day – 14th June 2016
The Term 2 staff professional development day will be held on Tuesday 14th June 2016. This is a pupil free day for students. No supervision will be provided on this day.

Parent Teacher Interviews Years 7 – 10
Parent/Teacher Interviews for Years 7-10 will be held on Thursday 30th June from 8:40 – 6:30pm and Friday 1st July from 8:40 – 1pm in Cullen Hall. These are pupil free days.

To maximise parent access to interviews, an appointment schedule will operate over the two days. Parents can make appointments with teachers via our SENTRAL Parent Portal online booking system. Bookings will be open Thursday the 16th of June at 10am until Friday the 24th of June at 4pm.

CyberSmart Resources
Social Media. Two words that have completely changed how we socialise, how we communicate and how we share our photos. Instagram, Facebook, Twitter – the list goes on and on. Below are some apps or websites that can help you, help your daughter think about what she is posting, when and why she is posting it.

Reword - The tool that helps prevent online abusive behaviour, identifying insulting statements in real time. What makes reword so unique is the red line. Similar to a spell checker, the line intuitively goes through insulting statements, interrupting impulsive behaviour and prompting you to reconsider your words before you post. The tool aims to encourage a change in the way people communicate online, and gives people a chance to reword what they say.
http://reword.it/#/
**ImageUp By Telethon Kids Institute** - For those with multiple social media accounts and who love to share images with the world, how do you keep track of what’s been posted, liked or tweeted? *ImageUp* is an all-in-one app that allows you to post to Instagram, Twitter and Facebook at the push of a button, to track your likes and retweets, and to keep you Cyber Savvy about image sharing. Each time you post, you’ll be shown a short video so you can pause for thought, and decide if you really want to post the image.

**Pleaserobme** – Raises awareness about oversharing on Social Media by highlighting what can happen when you constantly share your location with others.

The website is not designed to have someone rob you but does highlight the dangers of publicly sharing your location. The website outlines what it does below:

"The danger is publicly telling people where you are. This is because it leaves one place you’re definitely not... home. So here we are; on one end we’re leaving lights on when we’re going on a holiday, and on the other we’re telling everybody on the Internet we’re not home. It gets even worse if you have ‘friends’ who want to colonize your house. That means they have to enter your address, to tell everyone where they are. Your address... on the Internet... Now you know what to do when people reach for their phone as soon as they enter your home. STOP THEM”

“The goal of this website is to raise some awareness on this issue and have people think about how they use services like Foursquare, Brightkite, Google Buzz etc... Because all this site is, is a dressed up Twitter search page. Everybody can get this information.”

USE OF SENTRAL – how to register via the Parent Portal if you have not already done so

Please make sure you have access to Sentral before the bookings for the round of Mid-Year Parent Teacher Interviews for Yrs 7-10 become active later in June.

All parents and students have access to the College’s SENTRAL Student/Parent Portal. Please ensure you use this resource on a weekly basis. The girls MUST access SENTRAL on a daily basis. School bulletins will be posted on SENTRAL as well as the girls’ timetable and attendance.

If you do not yet have access to a SENTRAL access account please register using this Sentral Portal Registration Link on the website. Note that approval of your registration may be next business day

Any problems with registration or accessing existing Sentral accounts:

Please email: michael.rawlings@syd.catholic.edu.au

Existing Sentral Parent Portal Account Holders

Parents, if you have already registered for SENTRAL remember to use the email address which you used for the registration as your username together with the password you set up to access the portal. You can access the portal via the link at the top of our College Website or via the following link:

http://sentral.bcrandwick.catholic.edu.au/portal/login

Tickets available from:
www.trybooking.com/LNPG

Kyra McMorrow will play Elle on Thursday and Friday night and Grace Ackary will play Elle on Saturday night and the Friday matinee

**Students cannot attend the Friday matinee**

**2016 WINTER SLEEP OUT**

This year’s Winter Sleep Out started out as an idea at the 2015 Brigidine Leaders Day. It was seen as a chance for Brigidine Schools to come together for a worthy cause and help out Sydney’s homeless. After this first meeting Social Justice Leaders from both Brigidine College Randwick and Brigidine College St Ives kept in touch and decided to hold this year’s event at the St Ives campus.

The participating students gathered on Friday night for the cause with both schools coming together with that unique Brigidine spirit. After all the introductions were done the girls played a high stakes game of trivia and enjoyed an excellent sausage sizzle put on by the teachers of Brigidine St Ives.

Following this a teacher and two ex-students from Key College (Redfern Campus) spoke. Key College is a Youth Off The Streets (YOTS) program whereby primary and high schools are set up around
Sydney specifically for homeless youth. These speeches gave the girls an insight into the lives of the homeless and the great work that the Key Colleges do.

We finished up with breakfast with girls raising over $500 for YOTS. Quite a success, especially after seeing the end results of their donations in the speeches from the previous night.

Next year, headed by this year’s Year 11 Social Justice Representatives, we hope to raise even more money and are looking forward to working again with Brigidine St Ives.

Mr Campbell
Social Justice Co-ordinator
ENGLISH DEPARTMENT NEWS

What Matters?

I want to extend my congratulations to the students who contributed to the Whitlam ‘What Matters’ Competition. These students took time out of their already busy day to voice their investment in a fair world. These entries showcased a compassion and wisdom beyond their years. The snippets below express their responses to the question ‘what matters?’

“Kindness. It isn’t something that should be publicised about. It shouldn’t be something someone must earn from you. Kindness should be given at every observable chance.”

‘To choose not to conform is courageous. It’s difficult, and it’s scary. Despite this, imagine all the things you could have achieved if you weren’t so busy worrying about what other people were doing, or what another person would think about you.’

“Equal pay. When I was younger I wanted to be the tooth fairy. Then when I got a little bit older an astronaut, a little bit older a singer/actress and now I don’t know. The only thing I know concerning my future career is that I will be payed less than a male just because I am a female.”

“Courage. An ordinary person just taking a bus home sparked a revolution, the dawn for an equal world. Rosa Parks had no idea what she was walking into, the lives she changed, the people she helped. Changing the world may seems like a far stretch for just one person, but nobody said it was impossible. I implore you to do the impossible and take action.”

“As the famous tennis player Martina Navratilova once said: “Labels are for filing. Labels are for clothing. Labels are not for people. The world will be a better place if society will stop labelling and belittling people based on their culture, and if we start to believe that they are not defined by these harsh labels that society has given to us. In a world where people are not discriminated by
the colour of their skin and their culture, children and adults can freely be whoever they want to be without being judged – This is what matters. “

“The freedom to be imperfect. As we remain in the comfort of what we know, we silence ourselves in the presence of judgement. When we reach the point where voices and ideas are declined because of the fear of being ‘different’, we do not move forward. Ideas stop being original and our minds are stuck in this box that is impossibly small and is based on unrealistic standards. “

Thank you to Polina Bilinsky Mycak, Katie Kelly, Latticha Lerdwichagul, Wendy Nyangoro, Shriya Shinde, Jasmine Delaney, Madeline Maher, Rachel Wong, Karly Vouros, Lara Pagola and Eliana Nader for your investment in this competition. An update will be made when competition results are in.

Miss Katie Bowers

**MOCK TRIAL NEWS – BRIGIDINE COLLEGE VS ST ANDREW’S CATHEDRAL**

Our second trial for the year was held last Wednesday. Our Mock Trial team performed most professionally in the trial against St Andrew’s the final score being a difference of only 7 points with St Andrew’s the winners. Brigidine represented the defence in a civil case concerning breach of contract.

Congratulations to the team:

Barristers: Eryka Lee and Emma McGee  
Solicitor: Elizabeth Connon  
Witnesses: Chiara Harbutt, Rebecca Rosenberg  
Magistrates Associate: Rhiannon Soliman Marron

Thanks must also go to Major John Patterson, who has given of his time to coach the team on a number of occasions.

Ms J Nicolas

**VISUAL ART DEPARTMENT NEWS**

**YR 11 PHOTOGRAPHY – COCKATOO ISLAND**

Year 11 Photography went to Cockatoo Island last week to take photos and see the Biennale. The day required an early start to catch the 6:45 ferry from Circular Quay. The shivering girls took some great photos of the early morning sunshine on the harbour as we went under the harbour bridge.

The day was sunny and windy but armed with cameras, both digital and film, the girls explored one of Sydney’s most historic sites. Mr MacLochlainn, Ms Brennan and Ms Norsa held down the base camp - strategically located in the café’s sunny courtyard. The day was a great success!

Mr MacLochlainn
YEAR 9 ART EXCURSION TO THE CHINESE GARDENS AND THE ART GALLERY OF NSW

Year 9 Art went on an excursion to the Chinese Gardens and the Art Gallery of NSW on the 6th of May. In Term Two this year both Year 9 art classes are learning about eastern and western landscape painting. We all took a trip to the Chinese gardens to help us understand the landscape that we could put into our scroll long paintings. We all spent the morning sketching at the beautiful gardens and had a great time as it was a very sunny autumn day. Then we made our way to the art gallery and we ate our lunch at a park near the art gallery. It was a very fun day as we got to see the city itself and all the different art styles at the art gallery after lunch. We saw many different types and styles of landscape paintings from different eras. It was just such a pleasant day as we learnt a lot but we also had a lot of fun with our friends and were able to explore.

Story by Natasha Rae and photographs taken by Loren Puyat
Congratulations to all the girls in the cross country team who competed at the Championships at Homebush with solid results. All girls ran exceptionally well and managed to complete the course in reasonable times. A special mention to the following girls who finished with fantastic results.

17yrs  Jessica McBride  Gold Medal
16yrs  Kiera Connolly  5th Place
16yrs  Jaeme Last  6th Place
15yrs  Olivia McAusland  11th Place
13yrs  Lily Finati  Bronze Medal
Brigidine College  6th Place overall

Congratulations to all the girls who gained places and will be representing the CGSSSA at the Combined Catholic Colleges Championships.

Good luck girls
CGSSSA BASKETBALL 2016
The Senior CGSSSA Basketball Competition was held on Wednesday, 11th May 2016 at Menai Indoor Sports Centre. The team played 5 round games and finished equal second in their pool. Unfortunately the girls didn’t progress through to the semis. A big thank you to the girls for the great sportsmanship and teamwork and a special thank you to the Year 12 girls for their dedication to the school and the basketball team.

Our Juniors and Inters played the following week at Bankstown Basketball Stadium. The Inters played extremely well throughout the day but unfortunately just missed out on making it to the Semi-finals. The Juniors were undefeated in their Pool, easily winning their Semi-finals against St. Clare’s team! They then put in a brilliant and gallant effort in the finals only to lose narrowly to Monte! A fabulous effort girls!

Congratulations to all the girls; they showed great sportsmanship and represented Brigidine with pride and enthusiasm.

Mrs Kehati and Ms Mazzeri

PLEASE COME AND JOIN US SATURDAY 4TH JUNE @ BUNNINGS, RANDWICK.

STEM club students are running a sausage sizzle at Bunnings, Randwick, raising money to enter the ‘First Lego League’ robotics competition at the end of the year.

Please come and support us by purchasing a wonderfully sizzled sausage between 9am – 4pm Saturday 4th June.
Brigidine College STEM students attend UNSW Engineering's High School Information Day

UNSW Engineering’s High School Information Day was on again on Thursday 18th May. The day was designed to give senior high school students the opportunity to sample several fields of engineering through interesting and stimulating hands-on activities.

Six of our senior Brigidine students with cross over interests in Design & Technology and Physics attended the day and experienced what life was like in the ever expanding world of the Engineering department of UNSW. By doing so, students gained a better understanding of how industry and education can work together to solve problems and was a great way to prepare them for Brigidine’s new STEM project called ‘Powering Change’.

Throughout the day the students had the opportunity to speak to the academic staff and students and gained a deeper understanding of the degrees on offer and life on campus at UNSW, as well as seeing some of our awesome student projects.
Brigidine College Randwick presents

from D15 at recess and lunch
Information for schools

WHAT IS THE NATIONAL DATA COLLECTION?

All schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (the national data collection). The national data collection is an annual collection that counts the number of school students with disability and the level of reasonable educational adjustment they are provided with.

This national data collection collects information about students with disability in a consistent, reliable and systematic way.

The national data collection draws on and reflects the ongoing work teachers and education staff do to support students with disability.

WHY IS THE NATIONAL DATA COLLECTION NECESSARY?

Previously there has been a lack of comprehensive and nationally comparable data about school students with disability. This nationally consistent approach will enable all governments to best target support and resources to assist these students to complete school and continue on a pathway to further education or employment.

The implementation of the national data collection will provide all Australian schools, education authorities and the community with information about:

- the number of school students with disability
- where they are located
- the level of reasonable adjustment provided for them to participate fully in schooling
- each student’s broad type of disability.

The national data collection is also an opportunity for schools to review their learning and support systems and processes to continually improve education outcomes for their students with disability.

WHAT PROFESSIONAL LEARNING AND SUPPORT IS AVAILABLE FOR SCHOOL STAFF?

Professional learning on the Disability Discrimination Act 1992 (the DDA) and the Disability Standards for Education 2005 (the Standards) is available for schools. Contact your local educational authority or principal about what training is available in your area and how to access it. You can view or download a copy of the DDA and the Standards from www.comlaw.gov.au.

The University of Canberra, in partnership with all Australian school systems, has developed a suite of online professional learning materials on the Disability Standards for Education 2005.

The e-learning resource is available under licence at http://dse.theeducationinstitute.edu.au#login.

This resource provides school staff with an understanding of their responsibilities under the Standards to ensure that students with disability are able to access and participate in education on the same basis as other students.

There are licencing arrangements to access this resource. Contact your local education office or jurisdiction for more information. Contact details are available from www.schooldisabilitydataapl.edu.au#contactus.

School staff can also visit the purpose designed and built national data collection professional learning website at www.schooldisabilitydataapl.edu.au.

WHICH STUDENTS ARE INCLUDED IN THE DATA COLLECTION?

In determining which students are counted in the national data collection, schools should draw on a range of evidence including: observation, teacher judgments, medical reports, individual learning plans, assessments and engagement with parents and carers as part of the process for determining and providing reasonable adjustments.
A student will only be included in the national data collection if they satisfy two criteria:

1. The student meets the definition of a person with disability as defined under the Disability Discrimination Act 1992.
2. The functional impact of the student’s disability results in the school actively addressing their needs.

The national professional learning website has guidance materials to help schools to complete the national data collection.

WHO IS RESPONSIBLE FOR THE DATA COLLECTION AT MY SCHOOL?
The national data collection is a collaborative process involving teachers, principals and other school staff. However, principals are ultimately responsible for signing off on the national data collection for their schools.

HOW ARE DATA COLLECTED AND ARE A STUDENT’S PERSONAL DETAILS KEPT CONFIDENTIAL?
School staff will draw on evidence at their school to identify the level of adjustment being provided for students with disability. They will record the level of adjustment being provided for each student and the broad category of disability that is the main driver for their adjustments.

To safeguard the privacy of individual students, only de-identified school level data will be used. School staff will only have access to data for their own school.

Further information about privacy is available in the Public Information Notice at www.education.gov.au/notices.

HOW WILL THE INFORMATION BE USED?
Only de-identified school level data on students with disability is submitted to education authorities, so anonymity and privacy of students is maintained.

The national data collection enables the collection of accurate information about the number of school students with disability, including the levels of adjustment and support provided, and will inform planning and decisions at the national, state and sector level. This information will assist all Australian schools to better meet their responsibilities under the Disability Discrimination Act 1992 and improve support for the learning needs of students with disability.

The national data collection will provide an evidence base on students with disability, the national distribution of students with disability and the level of reasonable adjustment they receive. The processes around the national data collection, including the professional learning, have the potential to contribute to a more inclusive schooling system for all Australian students.

FURTHER INFORMATION
For further information about the Nationally Consistent Collection of Data on School Students with Disability and related information visit:

www.schooldisabilitydataset.edu.au.

National Schools Fact Sheet No. 4 as at March 2016
CAREERS NEWS

Tertiary Institutions Presentations for Year 12 at BCR

Over the past term, Year 12 students have had the opportunity to attend lunchtime presentations and gain invaluable information from a number of tertiary institutions. These included University of NSW, Notre Dame, Australian Catholic University, Engineering and Business Cadetships with UBS, Sydney University and Macleay College. The last presentation for the term will be from UTS on the 23rd June.

Year 12 Careers Interviews

Many Year 12 students have already made an appointment to discuss their career choices with me. If your daughter is yet to do this, please encourage her to make an appointment during her study period. Parents are also welcome to attend.

HSC and Careers Expo at Moore Park, 2-5 June 2016

Students are encouraged to attend this event being held this weekend. Almost every tertiary institution will be exhibiting at the expo. Also there are many seminars held during the 4 days including HSC subject seminars, gap year information, UAC Tertiary application process. Refer to the flyer below for more information on the expo.

UNSW You Tube Clips

UNSW holds a number of information Evenings for perspective students. For those unable to attend these evenings, UNSW uploads clips of the evening on You Tube. I have provided links to these clips below.

Year 12 Medicine Information Evening

https://www.youtube.com/watch?v=zCUKsfU8KUw

The University of Sydney: Scholarships Information Evening for Year 12
Wed 22nd June, 6.00pm – 8.00pm, The University of Sydney, Camperdown
Join us at the Scholarships Information Evening to get tips on completing scholarship applications, and hear from our students about their scholarship experience and the support provided to them. Students will also have the opportunity to learn more about our on-campus accommodation options and the scholarships available. Registration:
sydney.edu.au/scholarships-info-evening

The University of Notre Dame: Young Achievers Early Offer Program
Applications close 29th July 2016, 4pm
The early offer program enables students to face their HSC examinations with the benefit of reduced stress and added confidence knowing they have already gained entry into their chosen course at The University of Notre Dame. Prospective students are able to apply under one of four categories:

- Commitment to community and/or Church
- Commitment and excellence in cultural pursuits
- Commitment and excellence in sporting achievements
- Academic excellence

http://www.nd.edu.au/nav-future-students/young-achievers-early-offer-program
Student Parent Information Evening at UNSW Art & Design
Thursday, 23 June 2016 from 6:00 PM to 8:00 PM, UNSW Art & Design - Greens Road, Paddington, NSW 2021
Student Parent Information Evening at UNSW Art & Design is a chance for students and parents to hear about what it means to be a practicing artist, designer, animator, filmmaker or curator. Have your questions answered by our knowledgeable students and staff.
Register now at http://bit.ly/1Yc5vZ3

Bedford College Scholarships
Applications close: 30th November 2016.
There are currently two scholarships available for 2017. They are available for students in years 10, 11 and 12. To apply prospective candidates must present a portfolio.
http://www.bedford.edu.au/about/scholarship%20information

ACU Elite Athlete Program
ACU’s Elite Athlete Program has been established to support future and current students who have maintained a record of excellence in sporting performance throughout their studies and wish to pursue a sporting career alongside an academic one. Future students deemed to be Elite Athletes will be eligible to receive up to five bonus points towards an entry score and greater flexibility when studying at ACU.

UNIFORM NEED ALTERING?
Too long, too tight, elastic not right? I have over 50 years of experience in sewing and doing alterations and now I do them for my Grandson’s uniforms! If you need prompt, affordable help with making those uniforms fit just right, please call me. I can also come to the uniform shop if you need help with fitting.
