Dear Parents,

At the beginning of the staff meeting on Monday morning, our prayer was focused on “Those who love God must love their brothers and sisters also” (1st John 4.21) Given the Orlando massacre on the weekend, it was a fruitful meditation. It doesn’t matter who you are, the events in Orlando begets the question, “How can I and the ones I love be safe?” We would so like a guarantee. The answer is, there is no guarantee, and expressing outrage and anger in our demand for one doesn’t help. We know that at any moment something horrifying can happen and yet we need to live in peace and serenity. For those of us in places like these Eastern Suburbs, we live unobtrusive lives with ambitions and plans that are peaceful enough, and yes, we would say when asked, that we are essentially vulnerable. An Orlando gives a sharper edge to our understanding of that vulnerability. There is something diabolical in the deliberate crazy intent of the killer. Here is no carelessness; no human error or ‘act of nature’ about which we could find comfort in a flawed world philosophy.

St Peter, who knew his own weakness well, advised. “ Discipline yourselves; keep alert. Like a roaring lion your adversary the devil prowls around looking for someone to devour” (1st Peter 5.8). The devil is not talked about much anymore, but Hatred is, and it roams our planet. Chameleon like, it can appear to be rational while also encouraging humans to irrational anger and outrage and self-referential righteousness. It drifts around causing suffering in places that surprise.

What God proposes in response to Hatred is that we all take it on individually. Jesus was not spared this basic human challenge. Christians accept as truth that Jesus died for our sins, His
resurrection overcoming the effects of Hatred, and because of this, humanity is safe for all eternity in its relationship with God. This doctrine is not cosy comfort at times like last weekend. We are frightened. We want to know that we are on the planet with people who are tolerant, and disciplined by values which will not allow Hatred to flourish. The guarantee is possible when it has its beginning in each one of us.

If you pick up any of Jesus’ parables and read, you are looking into a mirror and the question comes, “so how am I going in regard to really living the values I believe will help others feel safe around me?” You challenge yourself and to the best of your ability sincerely answer. Hatred can never have a good look at itself. Hatred is a coward.

At Brigidine we are trying to train the girls in the kind of self-love that will free each to ask important questions of herself. How is she irrigating and feeding the garden of her heart so that it blooms for her benefit and the benefit of others? What poisonous, unforgiving thinking is taking hold which will destroy rather than blossom and which must be worked against? What positive things can be done to convert our hearts to the ways of goodness? If some of humanity can do this, then all can. This is Hope for the guarantee and a “sign that the Kingdom of God has come into this world in the form of something bright and wholesome, something sound and true. More than this we cannot do. But even this is a noble mission set before us as men and women, and as Christians, a mission against the darkness, to enkindle the faith that the Kingdom of God has come” (Karl Rahner)

May Brigid bless the house wherein you dwell and give you peace.

Founder’s Day
Founder’s Day will be held on Wednesday 29th of June 2016. The theme for the day is the “Healthy Mind, Heart and Body” and students are encouraged to dress-up creatively, as something to represent our overall wellbeing.

We will celebrate Mass together in the morning and following this, students will be given the opportunity to participate in a variety of healthy living activities – drumming, yoga and cooking, as well as visit the many mental health agencies attending our Inaugural Brigidine Fair. Each Year group will also be involved in an Anti-Bullying dramatic production as part of the day. There will be the opportunity for passive games along with a jumping castle to promote movement. Everything will be set up in the school grounds. This is a compulsory school day for all students. The day will conclude at approx. 2:30pm.

Girls are required to be in FULL winter uniform for Mass (including Tights). They may change into their costumes after Mass.

We would love parents to come along and assist with our BBQ. If you are able to offer us a few hours on the day, please indicate on the slip sent home or call the front office and let them know.

Parent Teacher Interviews Years 7 – 10
Parent/Teacher Interviews for Years 7-10 will be held on Thursday 30th June from 8:40 – 6:30pm and Friday 1st July from 8:40 – 1:00pm in Cullen Hall. These are pupil-free days.

To maximise parent access to interviews, an appointment schedule will operate over the two days. Parents can make appointments with teachers via our SENTRAL online booking system, see below for instructions. Bookings are now open and will close on Friday the 24th of June at 4pm.

Reports will be available on the SENTRAL Parent Portal the week of the Parent/Teacher Interviews and you are requested to collect a hard copy of your daughter’s report when you arrive to discuss with teachers on the day.

Parent/Teacher interviews provide an opportunity for parents, students and teachers to discuss students’ progress, to celebrate good news and examine methods to improve learning outcomes. Hopefully, this will mean that students, as well as parents, will receive formal feedback on effort, application and achievement, as well as advice on how to improve their performance in all subjects.
Accessing the Parent Interviews Portal

- Log into the Student & Parent Portal on SENTRAL.

- Click on the Session name “Mid-Year - 2016 Parent Teacher Interviews”

- Once you have clicked this link, you will be directed to the Parent Interviews summary screen explaining the process.

- Follow the prompts provided to make bookings for all your daughter’s teachers.

- If you do not wish to book an appointment for a particular subject, click on the “Interview not required” link, which will mark that timeslot for your daughter as not attending.

- Once you have selected all time-slots, click the “confirm appointments” button to send through your interview requests.

- When you have confirmed the appointments, you will then have saved an Interviews Summary for your reference. At the bottom of the page, you have options to Download as an iCal export file or print a hard copy.

LANGUAGE DEPARTMENT NEWS

YEAR 8 ITALIAN PASTA MAKING DAY
On the 9th and the 10th of June, Year 8 Italian participated in an Italian pasta making lesson. It was a great experience that lasted for 1 hour and a half. At the end we were able to enjoy a delicious bowl of freshly made pasta!! Each class had their own session with Luca the chef and his 2 assistants.

During the hour and a half each student got to make the dough, flatten it (so you could see your hand through it) and cut it into strips. During the lesson a lot of Italian was spoken and it was a great learning experience as well as a lot of fun. I am sure the rest of Year 8 would agree.

On behalf of Year 8 I would like to say a big thank you to Luca and his assistants for coming and showing us how pasta is really made, as well as sharing their knowledge with us. They were all really nice and patient towards us. I would also like to thank Mrs Parsons and Mrs Christofides for organising it for us. We are very grateful.

SPORTS DEPARTMENT NEWS

Congratulations to Isabella Slattery and Bronti Westaway who represented the CGSSSA in Touch at the Combined Catholic Colleges Championships in Dubbo. Both girls played brilliantly and showed great sportsmanship. Isabella was selected in the U15 CCC Team which is an outstanding achievement and we wish her all the best at the next level.

ST CATH’S NETBALL COMPETITION 2016
Brigidine competed in an inter-school netball competition held at St Catherine’s Waverley throughout Term 2. We had nine teams compete in the 7-week competition this year, and the girls participated with enthusiasm and determination. They had a great deal of fun on the netball court. The girls displayed great teamwork and sportsmanship and represented the school beautifully.

This year, five teams made it through to the grand finals, which were held on Wednesday 15th June. Three of the five teams came away with a victory this year, and two teams were runners up. There were some close and very exciting games leaving spectators on the edge of their seats!

Congratulations to all the girls who made a commitment, and have played each Wednesday. A big thank you to all the parents for their ongoing support, as the competition could not go forward without you. Also thank you to Mrs Elder and the PE department for their ongoing support for the competition.

Another great St Cath’s season.

Lisa McColl
CGSSSA SOCCER
The CCC tournament took place over two sunny days at Valentine Sports Park. Our CGSSSA team consisted of many friendly talented girls who bonded quickly. An injury in the game prior to our first game during Day 1 meant that our 2nd game was postponed to Day 2. We had to play four games in one day, winning all but the last. This one was lost due to the heat and fatigue! We came 2nd in our pool and 3rd overall. It was a great experience that I really enjoyed!

Sunday 28th August 2016  - TBC
Sunday 4th September 2016  9am – 1pm (Dress Rehearsal)

Rehearsals will also start Term 3 at school on weekday mornings from 8:00am – 8:45am.
These will commence from Tuesday July 19th first week of Term 3
Mondays – Tap
Tuesdays – Jazz
Wednesdays – Contemporary
Thursdays – Hip Hop

If you cannot be at a scheduled rehearsal or you’re running late please ensure you let Liorah know via txt/call on 0405 964 203. There is only a short time before the competition so girls are expected to be at all rehearsals, if there are 2 or more unexplained absences from rehearsals girls may have to forfeit their place on the team. Looking forward to working with all the girls, Liorah Ayalon, C.G.S.S.S.A Choreographer, Pauline Coleman & Vanessa Culhane (PDHPE Teacher)
SCIENCE DEPARTMENT NEWS

UNSW FIRST Robotics

Last week, UNSW’s Robotics team brought their robot in to show us what they had been working on! In 6 weeks they had built a robot and were in the process of programming it to complete tasks for the competition. The team gave our STEM students tips and advice on robotics, as well as inspiring and encouraging them with their stories!

Bunnings STEM Club BBQ

Despite having been rained out the previous weekend, we were able to secure a last minute spot at Bunnings, Mascot for the long weekend! And what a success it was!! We sizzled around 850 sausages from 7am - 4pm to feed the hungry DIYers of the Eastern suburbs. We raised over $1,000 which will go towards purchasing equipment and entry costs for the Lego League Robotics Competition at the end of the year.

Thank you to all the students, parents and science teachers for your support on the day, and especially to Mr Lockhart for helping man the BBQ from 7.30am - 2.30pm!

Information for schools

WHAT IS THE NATIONAL DATA COLLECTION?

All schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (the national data collection). The national data collection is an annual collection that counts the number of school students with disability and the level of reasonable educational adjustment they are provided with.

This national data collection collects information about students with disability in a consistent, reliable and systematic way.

The national data collection draws on and reflects the ongoing work teachers and education staff do to support students with disability.

WHY IS THE NATIONAL DATA COLLECTION NECESSARY?

Previously there has been a lack of comprehensive and nationally comparable data about school students with disability. This nationally consistent approach will enable all governments to best target support and resources to assist these students to complete school and continue on a pathway to further education or employment.

The implementation of the national data collection will provide all Australian schools, education authorities and the community with information about:

- the number of school students with disability
- where they are located
- the level of reasonable adjustment provided for them to participate fully in schooling
- each student's broad type of disability.

The national data collection is also an opportunity for schools to review their learning and support systems and processes to continually improve education outcomes for their students with disability.

WHAT PROFESSIONAL LEARNING AND SUPPORT IS AVAILABLE FOR SCHOOL STAFF?

Professional learning on the Disability Discrimination Act 1992 (the DDA) and the Disability Standards for Education 2005 (the Standards) is available for schools. Contact your local educational authority or principal about what training is available in your area and how to access it. You can view or download a copy of the DDA and the Standards from www.comlaw.gov.au.

The University of Canberra, in partnership with all Australian school systems, has developed a suite of online professional learning materials on the Disability Standards for Education 2005.

The e-learning resource is available under licence at http://dse.theeducationinstitute.edu.au/login/.

This resource provides school staff with an understanding of their responsibilities under the Standards to ensure that students with disability are able to access and participate in education on the same basis as other students.

There are licencing arrangements to access this resource. Contact your local education office or jurisdiction for more information. Contact details are available from www.schooldisabilitydataapl.edu.au/#contactus_1.

School staff can also visit the purpose designed and built national data collection professional learning website at www.schooldisabilitydataapl.edu.au.

WHICH STUDENTS ARE INCLUDED IN THE DATA COLLECTION?

In determining which students are counted in the national data collection, schools should draw on a range of evidence including: observation, teacher judgments, medical reports, individual learning plans, assessments and engagement with parents and carers as part of the process for determining and providing reasonable adjustments.
A student will only be included in the national data collection if they satisfy two criteria:

1. The student meets the definition of a person with disability as defined under the Disability Discrimination Act 1992.
2. The functional impact of the student’s disability results in the school actively addressing their needs.

The national professional learning website has guidance materials to help schools to complete the national data collection.

WHO IS RESPONSIBLE FOR THE DATA COLLECTION AT MY SCHOOL?

The national data collection is a collaborative process involving teachers, principals and other school staff. However, principals are ultimately responsible for signing off on the national data collection for their schools.

HOW ARE DATA COLLECTED AND ARE A STUDENT’S PERSONAL DETAILS KEPT CONFIDENTIAL?

School staff will draw on evidence at their school to identify the level of adjustment being provided for students with disability. They will record the level of adjustment being provided for each student and the broad category of disability that is the main driver for their adjustments.

To safeguard the privacy of individual students, only de-identified school level data will be used. School staff will only have access to data for their own school.

Further information about privacy is available in the Public Information Notice at www.education.gov.au/notices.

HOW WILL THE INFORMATION BE USED?

Only de-identified school level data on students with disability is submitted to education authorities, so anonymity and privacy of students is maintained.

The national data collection enables the collection of accurate information about the number of school students with disability, including the levels of adjustment and support provided, and will inform planning and decisions at the national, state and sector level. This information will assist all Australian schools to better meet their responsibilities under the Disability Discrimination Act 1992 and improve support for the learning needs of students with disability.

The national data collection will provide an evidence base on students with disability, the national distribution of students with disability and the level of reasonable adjustment they receive. The processes around the national data collection, including the professional learning, have the potential to contribute to a more inclusive schooling system for all Australian students.

Tax File Number Applications
The Australian Tax Office changed the process for students applying for a Tax File Number (TFN). Schools are no longer able to process TFN application forms! The new process involves students completing an online application form and then visiting an Australia Post Office outlet to have their identity verified. To apply for a TFN students need to visit: https://www.ato.gov.au/individuals/tax-file-number/apply-for-a-tfn/australian-residents--tfn-application/

After they have completed this form students will need to print their application summary and take this together with proof of identity documents to an Australia Post Office outlet. This must be done within 30 days of completing the online form.
