From a P & F point of view the day was a success especially the organisation for the BBQ. From the School's point of view it was not so successful. Many students were absent and they are still waiting on sponsorship money to be returned. Some thought will be put into a different fun day event for the future.

The package to monitor pupils attendance and SMS parents will begin next week. Teething problems may occur. Reports will be able to be produced which show attendance at events.

Procedure update
A recent event put to test the policy and procedures for various situations. These have been reviewed and strengthened to ensure the school undertakes all steps necessary to show support and assistance to the students.

Building plans
The school is still powerless to change the garbage situation in the area outside of the school. Regular contact with the Council is occuring. Lights and/or a crossing are still being requested but are not available, this is an ongoing concern. Within the school there are plans for improvements especially around the entrance from Aeolia Street to make it look more welcoming.
It would be beneficial if the Aeolia St ‘entry’ is made smaller to reduce traffic.

Action: P & F to write a letter to Council
